## Introduction

I am a 21 years old Graphic Designer that can code from Marrakech, Morocco but currently living in Kuala Lumpur, Malaysia.

I am passionate about learning new skills, taking on new challenges, immersing myself in uncharted territories, and living a life driven by curiosity.

## Education

### ISGI Marrakech/ 2018

Computer Graphics Diploma

### Bridges of knowledge/ 2016

High school diploma

## Skills

**Design:** Design Thinking, Branding, UI, Typography, Illustration, Grid & Layout, Color theory, Image editing.

**Research:** Persona, Prototyping, Wireframing, Storyboarding.

**Tools:** Adobe suite, Figma, Invision, Visual Studio.

**Development:** HTML, CSS, Bootstrap, Js.

**People skills:** Fast learner, Team player, communicative, Risk-taker, Detail oriented.

**Languages:** Arabic/ Native, French/ Fluent, English/ Fluent, German/ Intermediate.

## Experience

### Centre 2D 3D / Graphic Designer

*Jul/ 2019 - Sep/ 2019, Marrakech, Morocco*

I was an alternate intern for 4 months while I was still studying, after graduating I've been offered a permanent position.

While working there, I handled various graphic materials for printed advertisements ranging from brochures, business cards, menus to different signage sizes & purposes including external branding, illuminates, glass manifestation, etc.

### Contraste(s) / intern

*Nov/ 2016 - Feb/ 2017, Marrakech, Morocco*

With collaboration with the development team and under the supervision of the art director I helped create a wide variety of cross-media projects involving branding, illustrations & iconography for businesses, luxurious brands, and academic institutions.

And helped create print media for a government-funded museum (The Aman Museum on Water Civilisation in Marrakech)

## Hobbies & Interests

**Volunteering:** I've done a couple of initiatives with my home city youth center, and as of recently I've volunteered in a hostel in Kuala Lumpur when I first got to Malaysia.

**Traveling:** Even though I've only recently had the opportunity to visit other countries, I've been to 3 foreign countries and lived life-changing and memorable experiences.

**Music:** In my free time I like to make beats and stitch up vocals with sounds and create, in my opinion, some very dope sounds.
